CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**TO THE BOARD OF DIRECTORS
AL KHALEEJ TAKAFUL GROUP Q.P.S.C.**

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Al Khaleej Takaful Group Q.P.S.C. (the "Company") and its subsidiaries (together referred to as the "Group") as at and for the three month period ended 31 March 2017, comprising of the interim consolidated statement of financial position as at 31 March 2017 and the related interim consolidated statement of profit or loss, interim consolidated statement of comprehensive income, interim consolidated statement of changes in participants' fund, interim consolidated statement of changes in shareholders' equity and interim consolidated statement of cash flows for the three-month period then ended and the related explanatory notes.

The Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with the financial accounting standards issued by the accounting and auditing organization for Islamic Financial institutions (AAOIFI). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit performed in accordance with the auditing standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions. Consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with the financial accounting standards issued by the accounting and auditing organization for Islamic Financial institutions (AAOIFI).

DOHA - QATAR

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the three month period ended March 31, 2017

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Significant Accounting Policies

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2016 except for the new and amended conceptual framework financial accounting standards effectively dated for the periods started from 1 January 2017, which were prepared in accordance with the Financial Accounting Standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions (the "AAOIFI") and applicable provisions of the Qatar Commercial Company's Law No. 11 of 2015. For matters which are not covered by AAOIFI standards, including "Interim Financial Reporting", the Group uses the International Financial Reporting Standards (the "IFRSs").

Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 31 of march 2017.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date when such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies. All intra-group balances, transactions, unrealized gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary
- Derecognizes the carrying amount of any non-controlling interest
- Derecognizes the cumulative translation differences, recorded in equity
- Recognizes the fair value of the consideration received
- Recognizes the fair value of any investment retained
- Recognizes any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognized in other comprehensive income to profit or loss or retained earnings, as appropriate.
